

Tuesday, March 6 • 7:00 - 8:30 pm
**How We Are Improving Paxton
Creek and Wildwood Lake**

Why is Wildwood Lake so shallow?

Matt Bonanno will lead us through possibilities for the future of Wildwood Lake in terms of dredging. He will also explain improvements upstream from the lake with the Paxton Creek Joint Pollutant Reduction Plan.

Paxton Creek Watershed and Education Association will give away 2 free rain barrels!

Registration is not required. Meet at the Olewine Nature Center.
